WHY WE WANT TO WORK WITH SCHOOL?

1. We help school students uplift their skill.
2. **We provide course material and a blueprint to include Entrepreneurship Education for the school students.**
3. We provide certificate for the school students.
4. We provide internship after complete the program.
5. **Entrepreneurship Partner:** For partner schools, we pick students to work on a new idea (age appropriate) and help the students in the complete execution of the idea.

We believe that every child should be introduced to the rewards of **entrepreneurship**, early on. Check out **entrepreneurship programs for school education** and train your students or kids as young entrepreneurs. We help schools students to implement **Entrepreneurship** .

- **Employment generation** is a problem which even governments are struggling with. We need to raise our kids to have an **entrepreneurial** and growth mindset to be able to lead a happy and fulfilling life.
- **While academic skills are being honed by schools, mindset development also needs attention from schools as well as parents.**
- School Teachers, Educators, Trainers are re-learning and adjusting to the new paradigm and our programs, training's and resources are meant to support them. **Some schools are now coming forward and making entrepreneurial mind-set curriculum part of their core syllabus.** We will help them integrate this curriculum in their existing course.

**SOME QUESTIONS ASK BY
SCHOOLS,TEACHERS,EDUCATORS AND PARENTS**

WHAT IS THE RELEVANCE OF ENTREPRENEURSHIP IN THE SCHOOL?

Entrepreneurship is one of the most relevant programs that should be included in every school curriculum **for primary secondary schools as well higher secondary**. It allows students to learn an important life skill. Much like all other subjects, **entrepreneurship** is a very important for kids.

WHY IS CURRICULUM IMPORTANT IN EDUCATION?

Curriculum is extremely important to structure and plan a course such that teachers, trainers, and students have clear **visibility of learning agendas and outcome.**

WHAT IS THE LINK BETWEEN EDUCATION AND ENTREPRENEURSHIP?

Education and entrepreneurship are closely linked. Education is expected to prepare students for the life and **entrepreneurship is a skill that truly prepares each child for the Digital world and financially freedom.**

WHAT ARE THE ADVANTAGES OF STUDYING ENTREPRENEURSHIP IN SCHOOL?

Studying entrepreneurship in school opens many possibilities for children. **They learn how to think like an entrepreneur** and this kind of thinking if practiced over a period becomes second nature for kids. They learn a transferable skill that can help them lead a happy, successful, and fulfilling life.

CAN ENTREPRENEURSHIP BE TAUGHT IN SCHOOL?

Entrepreneurship can absolutely be taught at schools. In fact, schools should include **entrepreneurship** as part of their curriculum. Entrepreneurship is as important **technology skills. It develops a way of thinking and problem-solving.** These are important skills that can never be outsourced and hence developing these skills in kids is pivotal.
